PEUGEOT BLUEHDI EURO 6 DIESEL ENGINES

Stemming from a world-famous diesel heritage, innovation and engineering excellence, Peugeot's BlueHDI engines exclusively combine Selective Catalytic Reduction (SCR) technology and a Diesel Particulate Filter (DPF) to deliver exceptional fuel economy and low CO2 emissions, alongside a driving experience that is rich in power and performance.

The BlueHDI engine range boasts the most effective technology on the market in terms of post-treatment of nitrogen oxides (NOx), as it is the only one to reduce NOx by up to 90%. A 3-stage cleansing process specifically targets pollutants to deliver the cleanest diesel engine possible. This excellent NOx reduction in turn optimises both CO2 emissions and fuel consumption. The DPF removes 99.9% of all particles.

SATELLITE NAVIGATION

Satellite Navigation: linked to the 7" colour touch screen, the system includes European mapping and comes 5 years of free software updates. Satellite Navigation is standard from level two Active 508 models.

COLOUR REVERSING CAMERA

Colour Reversing Camera: A camera located on the rear of the vehicle is linked to the 7" colour touch screen. The system increases visibility and driver confidence when reversing. The Colour Reversing Camera is standard from level three Allure models.

LED DAYTIME RUNNING LAMPS

LED Daytime Running Lights: All 508 models feature bumper mounted LED Daytime Running Lamps. These lights provide an eye catching signature and increase visibility during daylight hours. Full LED headlamps, available as standard from GT Line models, offer excellent vision at night.

LED REAR LAMPS

LED Rear Lamps: Completely the visual light signature, LED Rear Lamps give the 508 a visually appealing claw-effect light design. Standard on all 508 models, the LED Rear Lamps host 18 individual LED lights.

SMARTBEAM ASSISTANCE

Smartbeam Assistance: Through the use of an intelligent camera that continuously analyses driving conditions, Peugeot Smartbeam Assistance automatically switches headlamps to full beam when conditions allow, or to dipped when on-coming traffic is detected. It is available as standard on GT Line, GT and RXH models.

ELECTRIC, HEATED SEATS WITH MASSAGE & MEMORY FUNCTIONS

Front seating: The 508 front seats in particular have been developed to deliver style, comfort, support and durability. From Allure levels, an electric 4-way seat adjustment (height, longitude, seat back and seat cushion angle), heated front seats with driver / front passenger electric lumbar adjustment comes as standard. Driver seat memory is offered on GT models, with a massage function on GT and RXH models.

COLOUR HEAD UP DISPLAY

Colour Head Up Display: Standard on GT and RXH models, optional on Allure and GT Line versions, the Colour Head Up Display delivers key driving information to the driver via a clear retractable screen in the driver's line of sight; speed, cruise control speed, navigation directions. The screen can be adjusted for both angle and brightness, as well as folded away completely at any point.

PEUGEOT OPEN & GO

Peugeot Open & Go: Using sensors mounted in the front and rear door handles, the 508 can be opened without moving the key from your pocket or bag. Once inside, a simple press of the Start Stop button is all that is required. Open & Go is standard on Allure, GT Line and GT models.

PANORAMIC CIELO GLASS ROOF

Panoramic Cielo Glass Roof: Standard on SW estate Allure, GT Line, GT models and on the RXH bodytype, the Peugeot full length panoramic Cielo roof is a fixed glass roof that bathes the cabin in natural light. An electric roller blind is included that can stop in any one of 5 pre-set positions.

MOTORISED TAILGATE

Motorised Tailgate: For increased convenience, a motorised tailgate opening and closing can be specified on SW or RXH models. The system can be operated from the key fob, from inside the vehicle using the dedicated button or from the tailgate. Options also include a load restraining net.

FIVE STAR EURO NCAP SAFETY RATING

A Five Star Euro NCAP Safety Rating: The Peugeot 508 range scored the maximum five stars in the stringent Euro NCAP Safety Rating. Anti-lock braking (ABS), Electronic Brake Force Distribution (EBFD), Emergency Brake Assistance (EBA), Electronic Stability Programme (ESP), Traction Control (ASR), Dynamic Stability Control (CBC) and six airbags all work to provide the safest driving environment possible.

PERSONALISE YOUR PEUGEOT 508

WITH THE PEUGEOT ACCESSORY COLLECTION

PROTECTION ITEMS

Velour Carpet Mat Set: Ref. 9464.GN

Peugeot velour carpet mat sets not only protect your original floor carpet from daily grime and wear and tear, they also present an attractive means of substantially improving soundproofing and heat insulation.

Carefully finished, with an original design and 508 motif, and fitting perfectly to the contours of the floor, the carpet mats boast a double anti-slide safeguard to ensure they do not move out of place, thanks to an anti-slip sub-layer and a fixing system.

Boot Protection Mat: Ref. 1606508080 & 9424 K8 (SW Model)

The Peugeot 508 Boot Protection Mat provides effective protection for the original boot floor, when transporting goods or materials that may soil or cause permanent damage by tearing.

It fits snugly into your vehicle's boot and is water-resistant, to offer maximum protection to the vehicle and the original carpet, thus even helping to protect future resale values.

Quick and easy to fit or remove, with no permanent fixings, this top-end, anti-slip material is eco-friendly and fully recyclable.

Front & Rear Mudflap Set: Ref. 9603.S1 & 1611145380

Developed by Peugeot's Style Centre, our front and rear mudflaps are tailor made to ensure harmony with your chosen vehicle's lines. Shaped specifically to suit your car, they are securing fixed and offer maximise car body protection in mucky-terrains.

For improved effectiveness, the mudflaps are semi-rigid: they adapt to the road conditions and even according to speed.

TOW BARS

Tow Bar with Tow Ball that can be removed without tools: Ref. 16113151 80

A tow bar is the perfect solution when you want to increase your loading capacity and tow a trailer, boat or professional equipment in complete safety.

This tow ball can be fitted and removed in a matter of seconds, without any tools, allowing you to easily and effortlessly change the appearance of your vehicle. It is even recommended for vehicles fitted with a rear parking assistance system. It comes supplied with a storage bag.

NOTE: Always know your vehicle's maximum towing weights and gross train weights before attempting to tow goods or equipment. A wiring harness must be fitted with all tow bars.

PERSONALISE YOUR PEUGEOT 508

WITH THE PEUGEOT ACCESSORY COLLECTION

LUGGAGE SOLUTIONS

Set of Transverse Roofbars: Ref. 9616.W9

Roofbars allow for the fixing of additional load components such as roof boxes or bike-carriers, and are a great means of freeing up boot space. They are designed to simply increase your 508's load capacity.

Our Roofbars comply with precise and rigorous specifications that guarantee optimum fixing to your 508, even at high speed. They have been subjected to the severest endurance and wind tunnel tests.

These Roofbars are City Crash Test approved (international safety standard). A security system also protects the Roofbars against theft. Delivered pre-assembled, the time for fitting the bars is reduced to the minimum.

Long Roof Box 330 Litre: Ref. 16096656 80

A Peugeot branded Roof Box is the perfect solution for customers wishing to increase their vehicle's load volume. This product offers the user both quality and safety. It is approved by the German certification authority (TÜV Rheinland), which is recognised worldwide.

Resistant to knocks as well as to inclement weather, our Roof Box also delivers effective protection against theft, thanks to the integral locking system using a centralised multipoint lock.

The roof box's modern design makes it streamlined with the vehicle and lateral opening is enabled by two latches on left and right, making loading easy. 2 straps are included for anchoring the load inside the box. The aerodynamic profile cuts down on fuel consumption. Our roof boxes are also available in 260 litre or 420 litre capacity.

STYLE

18" Style "08" Alloy Wheel Kit: Ref. 9607.T0

Alloy wheels are one of the rare parts that can profoundly transform a vehicle's aesthetics, lending prestige and even more stand-out to your vehicle. Like all our alloy wheels available as accessories for our many models, this alloy wheel has been designed and developed to integrate with the features of your 508.

Wheels are not subject to any regulatory restrictions. This explains why the majority of wheels on the market vary so greatly in performance and quality. A series of stringent tests (impact tests, fatigue tests, etc.) have been carried out on our Genuine Peugeot Alloy Wheels to guarantee you quality. These tests are generally not carried out on wheels sold in car accessory retailers.

For maintenance, use the alloy wheels cleaning products recommended by Peugeot. Peugeot also recommends the fitting of "anti-theft" wheel bolts when purchasing Alloy Wheels.

FURTHER 508 ACCESSORIES ARE AVAILABLE AT YOUR LOCAL PEUGEOT DEALER. TALK TO YOUR LOCAL PEUGEOT DEALER TODAY FOR DETAILS.
